

# CISSP Certification Training Course & Bootcamp

**Get Trained By The Worlds Best CISSP Instructors NOW only at SecureNinja!**

The CISSP is an internationally recognized certification for information security professionals. Offered by the International Information Systems Security Certification Consortium, (ISC)2, the CISSP certification is both an objective measure of excellence and a globally recognized standard of achievement.

SecureNinja's CISSP review seminar is the highest quality CISSP exam review available today. It is a comprehensive course discussing the entire Common Body of Knowledge relating to Information Systems Security, as determined by ISC(2). The seminar is designed to help attendees prepare for the certification exam, as well as serve as a learning tool for concepts and topics related to all aspects of Information Systems Security.

Our course contains "checkpoints" which help you self-evaluate your progress. You will know which key concepts you have a solid understanding of, and which of the CISSP domains you need to spend more time reviewing. SecureNinja's expert instructors will be there every step of the way where you have personal access to the industry's leading authorities on CISSP training and certification. You will benefit from their extensive knowledge base as they teach you tips and tricks for exam passing success. You will not only receive the knowledge to pass the exam, but come back to the job with real world skills you can apply right away, thus maximizing the return on your training investment.

In addition, all SecureNinja CISSP students will receive a PAID account to the CCCURE CISSP Prep portal with over 2000+ up to date preparatory questions. Register early and start reading as soon as you can.

SecureNinja's (ISC)2 CISSP training and certification boot camp is available in day, weekend or evening sessions in Alexandria, VA or boot camp only options in Dulles, VA and San Diego, CA. We also offer convenient Live Online delivery anywhere in the world as well as customized course offerings for groups.

**DoD Directive 8570.1-M**- CISSP meets Government and DoD agencies compliance with Federal Information Security Management Act (FISMA) and DoD Directive 8570.1-M

## What's Included
