

Policy & Procedure Review

The Secure Ninja Security Policy & Procedure Review examines the policies and procedures that are the management and operational framework of the enterprise. Secure Ninja Security will examine current policies for gaps and, if required, assist the client in the creation of a new policy.

For more information call **703.535.8600** or complete the form at the left with your contact information and needs and a Secure Ninja Security Solution Specialist will respond to your request shortly.
